

## Together, We Drive Change

Full Circle Fund is an engaged philanthropy organization with the mission to develop the next generation of community leaders, and through our collective efforts, drive lasting social change in the Bay Area and beyond.

We recruit top leaders from the private, public, and non-profit sectors and empower them to contribute their experience, connections, and financial resources to benefit innovative social entrepreneurs and organizations tackling critical issues. In addition to the priceless intellectual and social capital that our members provide, Full Circle Fund awards financial grants to 8-12 non profits ranging from \$10,000 to \$50,000 annually.

Our efforts and grant portfolio are focused on three issue areas:

- **EDUCATION** - To improve the effectiveness of public education in California, especially for underserved communities
- **ENERGY/ENVIRONMENT** - To enact positive environmental change and to promote the green economy
- **GLOBAL ECONOMIC OPPORTUNITY** - To invest in innovative and scalable models that promote economic opportunity

Full Circle Fund's flexible engagement model offers a variety of ways for members to participate, with opportunities customized to their interests, skill set, and availability.

## Benefits of Membership

### BUILD YOUR KNOWLEDGE & YOUR NETWORK

Learn about critical social issues

Engage in philanthropic efforts through a wide variety of programs and networking events

Expand your personal and professional network in a community of like-minded people across diverse sectors

Get access to leading thinkers and social change-makers

### MAKE AN IMPACT

Work alongside social entrepreneurs and other Full Circle Fund members to solve problems and effect change

Help inspiring leaders and causes through meaningful work beyond just a financial contribution

Drive social change and be part of the solution
